Your success is our priority.

LetShare is your ultimate SaaS solution for optimizing meeting spaces while seamlessly integrating catering and resource options. With its robust features and user-friendly interface, LetShare empowers organizations to maximize conference room resources and enhance collaboration.

LetShare Conference Room Management Software, where we understand your business:

- *We know that manual processes like drafting proposals are a menace.*
- *That you want to increase your sales of meals and hotel rooms.*
- *That you want to give tools to venue planners.*
- *That in this market you NEED to have an advantage on your competition.*
- *Integration to your HMS or PMS is a MUST.*
- *You are now paying way too much to your current supplier.*

Let us help you redefine the way you handle your meeting spaces.

At LetShare, we've crafted our 11 years of experience into a comprehensive solution that effortlessly streamlines the management of conference rooms and meeting spaces, ensuring seamless coordination and optimal utilization.

Effortless Backend Management:

- Room Reservation: Seamlessly book conference rooms based on availability, capacity, and amenities.
- Resource Allocation: Allocate projectors, whiteboards, and teleconferencing equipment effortlessly.
- Tailor room configurations to suit your needs.

Intuitive Front-end Experience:

- User-Friendly Interface: Navigate available rooms, check availability, and make reservations with ease.
- Calendar Integration: Sync room bookings with your preferred calendar apps like Outlook or Google Calendar.
- Catering Options: Integrate catering seamlessly into the reservation process, offering a variety of food and beverage choices.
- Resource Booking: Add audiovisual equipment and seating arrangements to your reservations effortlessly.
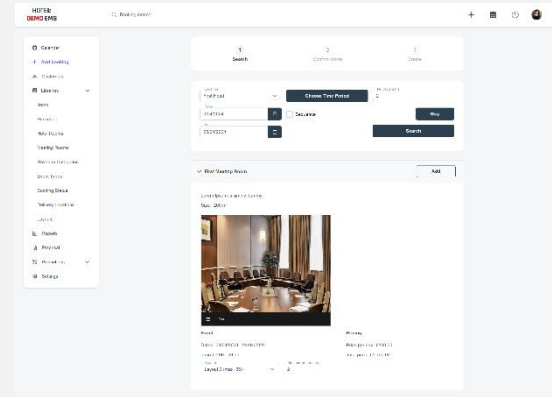

Best in class Proposal engine:

- Fully automated proposal.

- Proposals for every event like weddings, birthday, business.

Seamless Integration and Accessibility:

- Integration Capabilities: LetShare seamlessly integrates with CRM, HMS, and PMS systems.
- Mobile Accessibility: Manage room bookings and resources on the go with our mobile-friendly platform.

Maximized Room Utilization:

- Optimize the use of conference rooms, reducing conflicts and minimizing downtime.

Improved Collaboration:

- Facilitate productive and efficient meetings with easy access to catering and resource options.

Enhanced User Experience:

- Enjoy a seamless and intuitive experience for both administrators and end-users, enhancing overall satisfaction.

Sales Optimization:

- Prominently feature hotel rooms and meals to boost sales, and reward loyal customers with discount coupons.
