# REGULATORY REPORTING

Designed to streamline your check-in process and ensure effortless compliance with local regulations, Regulatory Reporting* seamlessly collects the necessary guest information during online check-in and automatically submits it to the relevant authorities.

By eliminating the need for manual data entry, you can reduce administrative tasks and regulatory fines, and focus more on enhancing the guest experience. Simplify operations and maintain compliance with ease.

*This feature is available as an add-on to Duve's online check-in at an additional cost and for select markets only.

welcome to sea house

Hi Sarah!
Toward your arrival, we need to verify some important details, it will take up to 2 minutes.

Let's start >

By clicking on the "Let's start" button you agree to the Terms and Conditions

Check-in   02 Aug 2024
Check-out   06 Aug 2024

How does Regulatory Reporting work?

Guest performs online check-in

Additional details required are seamlessly integrated into the online check-in

Details are automatically shared with local authorities on check-in day

Local authorities will approve or reject each guest report

Approved   Rejected

Regulatory report status provided by local authorities

Duve   Local authorities

Regulatory reporting status is shared back into Duve
