CONNECTED THROUGH THE CLOUD

TNG GO! Mobile Waiter App and Oracle MICROS Simphony Cloud POS combine to deliver a more personalized service and a better guest experience.

Our cloud-based ecosystem connects every aspect of your operation, enabling you to easily manage online orders, kitchen ops, inventory, menus, delivery, loyalty, and more. In addition, real-time analytics are included to check sales, costs, and staff performance whenever you wish.

We offer integrated professional solutions for the needs of the hospitality industry globally. Please get in touch with us to learn how we can help you to grow your business.

ABOUT US

Founded in 1990, HRS Hospitality & Retail Systems was created with the aim of providing a superior customer experience, both for service industry companies and their clients. Now, HRS provides innovative management solutions for hotels, restaurants, retail chains, stadiums, spas, and fitness clubs. HRS has an impressive portfolio of products and services; these include pre-project analysis, hardware and software supply, strategic IT consulting, solutions implementation and integration, staff training and consulting, 24/7 technical support, plus a wide range of professional customer services. The company has developed an excellent reputation for providing high-quality services together with a strong global presence. HRS has established itself not just as an IT solution provider but also as a proactive contributor to the Hospitality Industry.
