CLASSIC

Our number one most popular lock ever made

The Hotek Classic hotel lock is a perfect example of a traditional hotel lock, with the technology of the future. The lock can be used both indoors and outdoors and is widely applicable.

Classic locks are fire resistant in accordance with the European Standard EN 1634-1:2014.

ABOUT CLASSIC

The Hotek Classic lock is a traditional hotel lock, converted into the lock of the future. Applicable for indoor and outdoor use, offering quality and safety; more than 1 million locks have been installed!

Applied in combination with the Hotek Classic software, it offers a robust and reliable system using contactless RFID technology. A suitable and inexpensive solution for smaller and medium-sized hotels, guest houses or holiday parks.

In combination with the Hotek SMART software more advanced options for larger access control projects can be created. Hotek Classic locks are GuestKey[®] ready, a Cloud Low Energy chip (CLE[®]) can easily be installed into the RFID lock - creating a mobile key solution with an online cloud connection which enables access control from anywhere in the world.
